Employment History & Work Experience

Aurora Rooftop Hotel – 2019 to Present – Surry Hills, NSW

Responsibilities:
- Bar attendant & cocktail maker
- Bottle shop attendant and cellar duties
- Customer service

Work experience (start-up company) – UNSW, Kensington, NSW
I worked with a lead website developer of an online food-catering company. During my time there I participated in company meetings and assisted in the development of the company's website. This gave me on-the-job training experience.

Technical Skills

- **JavaScript, TypeScript, React, and Node** (personal experience: 3+ years)
  Excellent skills and experience using JavaScript. Extensive working knowledge with many popular libraries and frameworks in its ecosystem. Broad knowledge and skills in developing, testing, deploying and scaling JavaScript applications and websites. Excellent React.js skills and this is my specialty.
